

CAUSE.

AND EFFECT.

Okay, we've shown you the problem. Now here's the solution. 1: Prevent pollution before it happens to ensure your family's health. 2: Put your butts in the ashtray every time you smoke. 3: Erase the waste in your neighborhood first. That way, it can't find its way to the river or beaches, either. It's that simple, that healthy, that responsible. Want more tips? Call 1-888-CLEAN-LA today. Or visit www.erasethewaste.com. We'll fill you in.
