

Column header descriptions for file "KY_env"

Column Header	Description
StationID	Sampling station identification number
SampleID	Sample identification number
StreamName	Stream name
CollDate	Collection date
Year	Year collected
Month	Month collected
Season	Season collected
Sub-Ecoregion Number	Sub-Ecoregion Number
pH	standard units
Specific Conductance	µS/cm
Total HAB score	Total Habitat Score (Max score=200)
Embeddedness	Embeddedness of substrate (Max score=20)

Column header descriptions for file "KY_bugs"

Column Header	Description
StationID	Sampling station identification number
SampleID	Sample identification number
StreamName	Stream name
CollDate	Collection date
Year	Year collected
Month	Month collected
Sub-Ecoregion Number	Sub ecoregion where site lies
Genus	Genus
Individuals	Number of individuals collected
Rep	Replicate collected
Level3	Level 3 ecoregion number
