

Memorandum

Date: August 22, 2011

From: Agency for Toxic Substances and Disease Registry

Subject: Comments on EPA's Toxicological Review of Ethylene Oxide

To: Environmental Protection Agency

We appreciate the opportunity to review EPA's Toxicological Review of Ethylene Oxide. Overall, we found the review to be well-written and concise.

We do not disagree with the conclusions regarding carcinogenicity, but we suggest EPA consider including additional discussion and citations in support of these conclusions.
