Dear Dr. Diez Roux:

Thank you and all of the members of the Clean Air Scientific Advisory Committee Sulfur Oxide Review Panel for your comments on the U.S. Environmental Protection Agency's *Review of the Primary National Ambient Air Quality Standard for Sulfur Oxides: Risk and Exposure Assessment Planning Document (External Review Draft – February 2017)*.

The EPA appreciates the review and the comments provided by the panel members during the March 21, 2017, public meeting and in your letter of April 18, 2017. As the EPA completes the draft Risk and Exposure Assessment and draft Policy Assessment, we will fully consider the panel's comments and recommendations.

Again, thank you for the panel's efforts. I look forward to working with you.

Respectfully yours,
